SOMAIYA COLLEGE OF ARTS, COMMERCE & SCIENCE, KOPARGAON, MAHARASHTRA, INDIA** hereafter referred to as **K.J. SOMAIYA COLLEGE**, considering their common interest in promoting the mutual cooperation in the area of education and research, wish to expand the basis for friendship and cooperative educational exchange, agreed the following Memorandum of Agreement (MOU):

**Article I: Purpose**

The purpose of this MOU is to develop academic and educational cooperation on the basis of equality and reciprocity and to promote relations and mutual understanding between the universities.

**Article II: Scope of the Cooperation**

Both parties undertake to promote and develop academic cooperation as follows:

1. Exchange of academic and administrative staff and students.
2. Extension of students' learning opportunities.
3. Cooperation in research and the presentation of its results.
4. Exchange of academic materials, publications and other scientific information.
5. Other educational and academic exchanges to which both universities agree.

**Article III: Financial Arrangement**

1. Both parties agree that all specific arrangements and plans for activities are to be negotiated and are dependent on the availability of funds.
2. Both parties agree to feasibly seek financial support from national and international organizations for the cooperative activities to be undertaken as stated under the terms of this MOU.

#### **Article IV: Agreement of Implementation**

A detailed description of the scope of activities shall be defined in the Agreement of implementation, which constitutes an integral part of this MOU

The Agreement of Implementation will include such items as:

1. Elaboration of the responsibilities of each institution for the agreed activities.
2. Schedules for specific activities.
3. Budgets and financial sources for each activity.
4. Any other items deemed necessary for the efficient management of the activities.

#### **Article V: Intellectual Property Rights and Publication**

1. The parties will share all data and research findings, and respect patent rights, copyrights, and other intellectual property rights regarding any discoveries, inventions and products resulting from this MOU.
2. Both parties must give written approval for the utilization and publication of the data and research findings.
3. Detailed arrangement of finding and their Intellectual Property Rights and Publication shall be defined in the Agreement of Implementation.

#### **Article VI: Settlement of Differences**

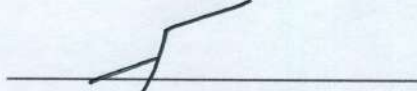

The differing viewpoints and interpretations of this MOU shall be settled amicably by mutual consultation or negotiation.

#### **Article VII: Amendments, Duration and Termination**

1. Amendments to this MOU can only be made by mutual consent for the two parties.
2. This MOU shall be in effect from the date of its signature and be valid for the duration of five (5) years from that date, and will be automatically renewed on an annual basis thereafter, unless terminated or replaced with a new MOU.
3. This MOU may be terminated by either party by written notice at least six (6) months prior to the termination date. Such notice of termination will not interfere with cooperative programs currently underway. Such programs will be allowed to continue until their conclusion.

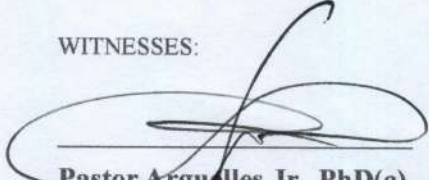

This MOU is prepared in English and in four (4) copies. Copies shall be deemed as authentic ones, either of which be kept by each party. As witness to their consent this MOU, the appropriate authorities hereto provide their signatures:

## **Report:**

K. J. Somaiya College of Arts, Commerce & Science, Kopargaon, India, and UiTM, MARA University, Kedah Branch, Malaysia have organized a Memorandum of Understanding (MoU) on 4<sup>th</sup> July 2022.

This MoU is the outcome of the three-month Window to the Borderless Intercultural Communication Programme organised between both institutions. This programme is organised virtually via the G-Meet link. **Prof Dr. Mohamad Abdullah Hemdi** (Rector), **Prof. Madya Dr. Kamarudin Othman** (Academic Deputy Rector), **Dr. Ajlan Reheman** (Head, Dept of English Language), **Madam Syazliiyati Ibrahim** (MoU Coordinator), **UiTM MARA University, Kedah Branch, Malaysia** and **Prin. B.S. Yadav**, Principal, **Prof. Vijay Thange**, IQAC, Coordinator, **Dr. Ravindra A. Jadhav** (MoU Coordinator), **Prof. Dr. K.L. Girmakar**, Arts, Faculty In-charge from **K.J. Somaiya College** were presented in the event.

Prof. Dr. Muhammad Hemdi said that this is the result of many educational activities such as cultural exchange and international lecture series with Somaiya College from the previous academic year. At the same time, due to this MoU, many research socio-cultural activities will be implemented between the two organizations in the future.

Principal Dr. B. S. Yadav Expressed his views that this MoU will promote faculty exchange, student exchange, international seminars, symposia, and cultural exchange between the two educational institutions. On this occasion, students from rural areas like Kopargaon will get a golden opportunity to participate in many educational activities of the above-reputed universities in Malaysia. Similarly, faculties can participate in teaching, research, and other activities in each other institutions.

Madam Syazliiyati Ibrahim and Dr. Ravindra A. Jadhav expressed that this is a big achievement and a golden opportunity for collaborative activities between two organisations for the sake of students and faculties. It will help to enhance the research and extensions and will organise student and faculty exchange programmes as well as conferences and workshops between the two organisations during this three-year duration MoU.

On this occasion Hon. Ashokrao Rohamare (Chairman (K.T.E. Society)), Hon. Sanjeev Kulkarni (Secretary, K.T. Society), and Hon. Sandip Rohmare (Trustee, K.T.E. Society) stated that this is a big achievement for the college.

## Report:

K. J. Somaiya College of Arts, Commerce & Science, Kopergaon, India, and University of Help System Dalta Molino, Philippines organized a Memorandum of Understanding (MoU) on 5<sup>th</sup> October 2022. This MoU is arranged virtually via Zoom Link.

Dr. Rino R. Rayal, School Director, Dr. Pastor Argulus Jr., MoU Coordinator, Professor Mira Ramirez ISA & Linkage Officer of University Perpetual Help System Dalta Molino, Philippines and Dr. B.S.Yadav, Principal, Prof. (Dr.) Vijay Thange, IQAC Coordinator, and MoU Coordinator Dr. Rabindra Jadhav were present in this MoU signing Ceremony.

Principal Dr. B. S. Yadav shared his views and said that under this MoU, student exchange, faculty exchange, international seminars and conferences, various research activities, and cultural exchanges will be promoted between the two educational institutions. Students from rural areas like Kopergaon will be able to participate in international educational activities due to this agreement. Along with the students, the faculties of the institute can also participate in study-teaching and research in this university.

Dr. Rino R. Rayal, School Director said that this agreement with KJ Somaiya College in India will help the organization of educational, research, and cultural activities to reach the international level. Soon we will arrange an educational visit to Somaiya College and interact with the management, principal, professors, and students. The program started with the singing of the national anthems of both countries. In the introduction of the program, the coordinator of the MoU of Somaiya College, Dr. Ravindra Jadhav said that through this agreement, the professors and students of the college will have an opportunity for educational and cultural exchange. The college has recently conducted the MoU with UiTm, MARA University, Malaysia.

At the end of the program, the coordinator of this agreement at Perpetual University, Dr. Pastor Argulus Jr. said that due to this MoU, international seminars, research papers, research projects, and international lectures will be organized in the future. Finally, Internal Quality Assurance Cell Coordinator Dr. Vijay Thange thanked all the dignitaries present. Dr. Mira Ramirez was preparing for the event.

On this occasion, the President of Kopargaon Taluka Education Society Hon. Ashokrao Rohmare mentioned that this agreement is a big achievement of the college. Also, the secretary of the organization Adv. Sanjeev Kulkarni and Trustee Hon. Sandeep Rohmare expressed satisfaction with the MoU.

**Subject: Invitation for invited talk in Staff Academy and IQAC regarding .....**

We are pleased to invite you to the Invited talk scheduled on Monday, 4<sup>th</sup> Oct. 2021 at 10.30 am (IST) organised by our college. This event will be a joint effort of the Staff Academy and Internal Quality Assurance Cell of our college. The event theme is "Present Education Scenario in Afghanistan".

Currently, with the advent of the Taliban government in Afghanistan, there have been many changes in Afghanistan's international as well as domestic policy. One of the most important and intimate issues is that the Taliban government has imposed restrictions on education, especially for girls. The education system in Afghanistan is in danger and this is a matter of concern for many well-wishers in the global education sector. And while working in the field of education, this matter is also painful for us. Therefore, we would like to have a thorough discussion on this burning issues. A healthy discussion will definitely provide insight into this matter.

The event will be conducted online through Google Meet. The Co-ordinator of this program is Mr. Ravindra Jadhav, Member, Staff Academy of the college, will contact you regarding schedule of the programme. However, you are kindly requested to accept the invitation.

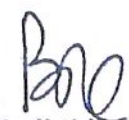

We look forward to your esteemed presence and guidance.

### **-:Report:-**

International Invited Talk on ‘Present Education Scenario in Afghanistan’ is organized by the Staff Academy of the college in association with Internal Quality Assurance Cell. The guest Speaker of this programme was **Mr. Sebahatullah Shirzai**, English Instructor, E.I.T.&T. Centre, Mazaer, Afghanistan, **Prof. Pastor Arguellus Jr.**, Dean, College of Computer Studies, University of Perpetual Help Molino Campus, Philippines, **Prof. Slamet Suwanto**, Lecturer, IAIC Tasikmalaya, Indonesia, and **Ms. Fatima Toshi** student from Afghanistan. This session aimed to introduce the present education scenario in Afghanistan after Talibani took charge of the nation. The purpose of this lecture was to create a global voice for the improvement of the education scenario in Afghanistan especially for girls.

At the beginning of the programme, **Prof. Ravindra Jadhav**, the Coordinator of the program and member of Staff Academy introduce the guest speaker and programme to the participants. On behalf of the college, he welcomes all the chief guest. He explained the purpose of organisation of this session and stated that recently, Taliban have established their government in

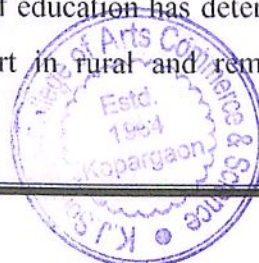

Afghanistan and this is a matter of great concern globally. Because the Taliban government has created rules against humanity for citizens, economy, education etc. Because of this, Afghanistan stands on the threshold of a great danger. On the one hand, the education system has collapsed globally in the wake of Covid-19. This has badly affected the entire education system including Afghanistan. But even so there is a global fight against it. But at the same time the education system in Afghanistan is badly affected due to another reason which is the anti-education policy of the Taliban government. Recently schools, colleges and universities around the world are closed due to covid 19 children while in Afghanistan it is closed due to anti-education policies of the Taliban government. In particular, the ban on girls' education by the Taliban government is extremely dangerous.

He also stated that, **In Pakistan, Malala fought the Taliban's anti-education movement 20 years ago and made education available to girls. In India, Savitribai Phule successfully fought for the education of girls in 1848 and many such battles have been fought all over the world.** If we fail to educate girls, it is a big failure on our part as a member of the education sector and it is a matter of concern. **But today's discussion can contribute to bringing about better changes in education policy in Afghanistan. Because words and thoughts are more powerful than weapons. Your words and thoughts can defeat the decision of the Taliban government. And that is the central idea behind organizing a discussion. And luckily one Malala Ms. Fatima Tokhi has participated in this program.** Fatima is no less than Malala because by being part of this discussion, she has proved that she is willing to fight against the anti-education system. And it is for this reason that today's event is organized."

Then, **Prof. Sebatullah Shirzai** gave his presentation on present education scenario in Afghanistan. He said in his lecture that the fact that the educational institution in India took note of our pain will play a very important role in restoring the education system in Afghanistan. Today, Afghanistan is far behind the world in all respects and has been pushed further back. Before the Taliban government, spending on education was done by the government in a small amount, but the Taliban has stopped this spending and stopped the education system. **Today, 8.4 million students are studying in Afghanistan, and nearly 5 million students have never been to school.** But due to the closure of schools, colleges and universities by the Taliban government, the students who are studying are also deprived of education.

**Basic educational facilities are not available in Afghanistan.** Some places don't even have blackboards. Teachers try to teach by writing on paper. But it is a matter of fact that students are struggling to get education in the current situation. The coming generation is eager to study for the sake of education. But due to internal strife, the quality of education has deteriorated, there is no uniformity in curriculum, lack of schools and transport in rural and remote areas, lack of

professional teachers, Taliban have demolished educational institutions and university buildings, co-education has been stopped so that boys and girls cannot study together.

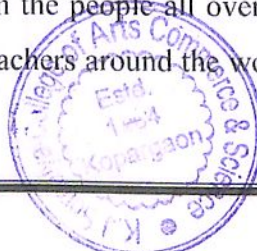

Male teachers do not want to teach girls. Not only this, the Taliban government has started to implement the idea of stopping the education of girls. Most of the Afghans are backward men who do not want girls to be educated. Men along with women do not have adequate safeguards to get education. **There is an atmosphere of fear among the girls.** Educational institutions, universities and students and teachers are threatened by local people. Girls are married very early. **Research says that nearly 17% of girls are married before the age of fifteen.** There is a law that marriage should not take place without the girl's consent. But it is not implemented but instead her voice is suppressed.

**The law is being murdered by the Taliban. Girls are not educated; women are not educated. As a result, lack of female teachers is a major problem facing Afghanistan.** Harassment of girls is a global problem because even in advanced countries like the US and tolerant countries like India, women are oppressed. But the situation in Afghanistan is very bad. The Taliban harass women on the streets. They cannot leave the house. If there is no global help for this, Afghan girls are on the way to drop out of the education stream.

**Islam has given many rights to women but Taliban is depriving them of their rights.** People cannot live as they wish, they cannot cut their hair, wear their favourite clothes, listen to music, wear only traditional clothes. Ali is forced to do so. Those who neglect this have lost their lives. Teachers are not safe in Afghanistan. So far I have received 24 phone calls from individual Taliban threatening to stop English education provided by Germany and America and other teachers like me are also being threatened. But I love my country, the people, so I will not leave the work of education and I will not leave the country.

The Taliban who are the follow of Pakistan should note that education, universities, girls' education and education system are going on in Pakistan but are closed in Afghanistan. Why is that? I am trying to work through this magazine that my own mother, sisters and all the girls in the house should learn. Due to the lack of trained female teachers, there is a fatwa that there are no female teachers to teach girls and men cannot teach women and girls. To some extent, girls are trying to learn from male teachers but they are doing so with a very difficult problem. Conversely, women teachers cannot teach men. In schools, colleges and universities, the Taliban have separated classes for girls and boys. What kind of education is this? Aren't women and men equal? The question arises. Afghanistan is suffering from all these problems.

I have a sister of my own who is a teacher but she cannot teach in school. Second sister is a doctor but she can't go to hospital, brother is a military officer but he can't protect the country, this is the true situation and this is the situation with the people all over Afghanistan. The education system in Afghanistan will survive only if the teachers around the world raise their voices against

this and stand up for the education system of Afghanistan, for the education of girls, for the students and for the teachers. Girls will be able to study in safety and freedom. So let us all support our fight for education."

**Ms. Fatima Tokhi**, expressing her pain to get her education, appealed to the whole world that we are not going to stop our education in fear of the Taliban government. Try to get education for our girls in Afghanistan. Otherwise we girls will fall out of the stream of education. While saying this, India is always helping Afghanistan students for education and we are happy that our issue has been presented at the global level through today's discussion,"

**Prof. Suvanto Slamet** from **Indonesia** said in his remark that "We are all with the education lovers in Afghanistan to improve the education system in Afghanistan. And this fight is not for Afghanistan but for the global education community".

**Prof. Pastor Arguelles Jr.** of **Dean of Computer Department of the University of Perpetual Help Malino Campus, Philippines** stated in his presidential conclusion that, "There is a need for such seminars in the field of education. Currently, the education system in Afghanistan is broken. The world should take a lesson from this and contribute to solving the problems of girls, women, and education in Afghanistan. Through this discussion session, an attempt was made to present the truth about the education system of Afghanistan to the world."

**Prof. Vijay Thange**, **Coordinator of Internal Quality Assurance Cell** said "Education has played an important role in the development of a human being. Education is extremely important in the development of a country. But unfortunately, the condition of education in Afghanistan is extremely bad. But even in this situation, people like Prof. Sebatullah Shirzai have shown the importance of education. Convincing the people of our country is certainly commendable."

## भारतीय शिक्षण संस्थेने वेदनेची दखल घेतली

शिरझाई : सोमैया महाविद्यालयात अफगाणिस्तानच्या शैक्षणिक परिस्थितीवर चर्चासत्र

लोकमत न्यूज नेटवर्क  
कोपरगाव : भारतातील शिक्षण संस्थेने आमच्या वेदनेची दखल घेतली. ही बाब अफगाणिस्तानमधील शिक्षण व्यवस्था पूर्वपदावर येण्यासाठी अतिशय महत्त्वाची भूमिका पार पाडेल, असे मत अफगाणिस्तान देशाच्या मद्राह प्रांतातील एकस्पर्ट इंटरनशनल ट्रेनिंग अँड टेस्टिंग सेंटरचे निदेशक प्रा. सद्दामनुल्लाह शिरझाई यांनी व्यक्त केले आहे.

कोपरगाव येथील के. जे. सोमैया महाविद्यालयात आयोजित आंतरराष्ट्रीय आमंत्रित ऑनलाइन चर्चासत्र नुकतेच पार पाडले. या प्रसंगी अफगाणिस्तानातील शिक्षण

व्यवस्थेविषयी माहिती देताना प्रा. शिरझाई बोलत होते. या कार्यक्रमाच्या उद्देशाची प्राचार्य बी. सी. यादव व कार्यक्रमाचे संयोजक व प्राध्यापक प्रबोधिनीचे सदस्य प्रा. रवींद्र जाधव यांनी सखोल माहिती दिली.

शिरझाई म्हणाले, आज जगाच्या पाठीवर अफगाणिस्तान सगळ्या बाबतीत खूप मागे आहे आणि तो आपणखी मागे ढकलला गेला आहे. अफगाणिस्तान शैक्षणिक बरोबर धार्मिक शिक्षणाला महत्त्व दिले जाते. तालिबान सरकार येण्यापूर्वी शिक्षणावर खर्च कमी प्रमाणात का होईना; पण सरकारद्वारे तो केला जात होता; परंतु तालिबानने हा खर्च बंद

करून शिक्षण व्यवस्था थांबविली आहे. तालिबान सरकारने शाळा, महाविद्यालये व विद्यापीठे बंद केल्यामुळे शिक्षण घेत असलेले विद्यार्थीसुद्धा शिक्षणापासून वंचित होत आहेत. ग्रामीण आणि दुर्गम भागात शाळांची व वाहतुकीची कमतरता, व्यावसायिक शिक्षकांची कमतरता, तालिबानी लोकांनी शिक्षण संस्था आणि विद्यापीठाच्या इमारती पाडल्या आहेत, सहशिक्षण बंद केलेले आहेत. त्यामुळे मुले व मुली एकत्र शिक्षण घेऊ शकणार नाहीत. पुरुष शिक्षकांनी मुलींना शिकवायचे नाही. मुलींना शिक्षण बंद करणे हा तालिबानी सरकारचा विचार आहे.

या चर्चासत्रात अफगाणी विद्यार्थिनी फातिमा तोखी हिने आपल्या शिक्षण मिळविण्यासाठीची वेदना मांडल्या. आम्ही तालिबानी सरकारला धाबरून आमचे शिक्षण बंद करणार नाही, अफगाणिस्तानमधील आम्हा मुलींना शिक्षण मिळविण्यासाठी प्रयत्न करा.

चर्चासत्रात इंडोनेशिया येथील स्लॅमेट सुवन्तो, भारतातील मैसूर विद्यापीठाच्या डॉ. रेखा जाधव, आसाम विद्यापीठाच्या डॉ. अदिती नाथ, बहिणाबाई विद्यापीठाचे डॉ. श्याम साळुंके व यांच्यासह ४२ प्राध्यापकांनी सहभाग नोंदविला. सूत्रसंचालन वर्षा ओंहेर, विजय खंडीझोड यांनी केले.

## सोमय्या मध्ये अफगाणिस्तानातील सद्य शिक्षण परिस्थितीवर चर्चासत्र

कोपरगाव : के. जे. सोमैया महाविद्यालयातील प्राध्यापक प्रबोधिनी व अंतर्गत गुणवत्ता हमी कक्षाच्या अंतर्गत अफगाणिस्तानमधील सद्य शिक्षण परिस्थितीवर प्रकाश टाकण्यासाठी आंतरराष्ट्रीय आमंत्रित चर्चासत्र आयोजित केले होते. यामध्ये अफगाणिस्तान मधील प्रा. सद्दामनुल्लाह शिरझाई व फातिमा तोखी यांनी आपले विचार मांडले. ही चर्चा अफगाणिस्तानमध्ये तालिबान सरकारच्या पार्श्वभूमीवर शिक्षण क्षेत्रात होणाऱ्या दूरगामी घटनांना जगाच्या पातळीवर आणण्यात यशस्वी होईल. शिक्षण

ऑनलाईन संवाद

क्षेत्रात सुधारणा व्हावी यासाठी जागतिक आवाज तयार करेल यात शंका नाही, अशी माहिती महाविद्यालयाचे प्राचार्य डॉ. बी. एस. यादव यांनी दिली.

या चर्चासत्रासाठी इंडोनेशिया, फिलिपिनसह भारतातील विविध प्राध्यापकांनी भाग घेतला, अशी माहिती

प्राध्यापक प्रबोधिनीचे प्रमुख डॉ. आर. के. कोल्हे यांनी दिली. मैसूर विद्यापीठाच्या डॉ. रेखा जाधव, आसाम विद्यापीठाच्या डॉ. अदिती नाथ, बहिणाबाई विद्यापीठाचे डॉ. श्याम साळुंके यांच्या सह ४२ प्राध्यापकांनी सहभाग नोंदविला. कार्यक्रमाचे सूत्रसंचालन प्रा. वर्षा आहरे व प्रा. विजय खंडीझोड यांनी केले तर आभार प्राध्यापक प्रबोधिनीचे डॉ. नामदेव ढोकळे यांनी केले. कार्यक्रम यशस्वी करण्यासाठी डॉ. शैलेंद्र बनसोडे, डॉ. संजय अरगडे व सर्व सहकारी प्राध्यापक यांचे सहकार्य लाभले.

Respected Madam,

**K. J. Somaiya College of Arts, Commerce & Science, Kopargaon (India)** has been a competitive centre in the higher education since 1964. We have graduate as well as post graduate programmes in the subject of Arts, Commerce, Science and Technology. We would like to propose a collaboration with your premier institution regarding '**Window to the Borderless World: Intercultural Communication via International Collaboration Programme**' under Students Mentoring Programme.

We would like to engage in this intercultural exchange project, the intercultural awareness and enrichment of communication skills between the students of **K. J Somaiya College of Arts, Commerce & Science, Kopargaon, Maharastra State, India** and **Academy of Language Studies, Universiti Teknologi MARA, Kedah Branch, Malaysia**.

In this programme, we will involve around 180 students from Arts, Commerce, Science, B.B.A.-CA & B.Sc.- CA. **Ravindra Jadhav** (Assistant Professor in Commerce & Co-ordinator, Student Mentoring Programme) will be the **Coordinator** of this programme.

This project will be done via Google Classroom, Telegram and Google Meet. The students will be monitored by the Coordinator, Asst. Coordinators & Moderators involved in the programme. There is no financial implication for this project. We hope that this project will be the impetus for more meaningful collaboration between both institutions in the coming years.

We are anticipating a positive response from your side in this regard and subsequently, **Ravindra Jadhav** will coordinate the programme schedule with **Syazliiyati Ibrahim**, our collaborator who is also the project leader from your institution.

Thanking you,

### Academy of Language Studies, UiTM Kedah establishes linkage with KJ Somaiyya College of Arts

<https://qs-gen.com/academy-of-language-studies-uitm-kedah-establishes-linkage-with-kj-somaiyya-college-of-arts/>

March 1, 2022

In order to achieve the mission of becoming a Globally Renowned University (GRU) as aspired by **UiTM**, Academy of Language Studies, UiTM Kedah Branch continues to establish international linkages with foreign institutions. The most recent international activity was called Window to The Borderless World: Intercultural Communication via International Collaboration Project/ Student Mentoring Programme which was conducted starting 10 November 2021 until 20 January 2022 and the closing ceremony took place on 25 January 2022. This programme had involved 363 students from both institutions and more than 20 lecturers cum facilitators.

This online intercultural programme was unique because it attempted to increase students' awareness of the importance of intercultural communication. From November 2021 until January 2021, the students were put in groups in which they had Google meetings every week to present topics related to their lifestyles such as food, weddings, music, dance and movies from their respective countries. During the Google meetings, the students presented PowerPoint slides and videos they had prepared. In a few meetings, there were even live performances done by the students. The programme also featured invited guests from Colombia and Indonesia who joined the Google meetings to share some information about their countries. Every Google meeting was moderated by one lecturer from APB, UiTM Kedah Branch and one lecturer from K.J. Somaiya College, Maharashtra, India.

Other than Google meetings, the students were also required to post their daily experiences, and also any interesting readings they had done on the lifestyle and cultural topics on Facebook. A special Facebook group was created to enable the students to post their updates and so far, there are hundreds of postings on various topics done by both the students and lecturers.

This project was initiated by Pn. Syazliyat Ibrahim from APB, UiTM Kedah Branch and she was assisted by Pn. Sharina Saad, Pn. Norlizawati Md

**Report**

Staff Academy of the K. J. Somaiya College has organised an association with IQAC, International invited talk of **Dr. Arun Chaitit**, Phranakhon Rajabhat University, Bangkok, Thailand on "**Challenges of Teaching Methodology in the 21<sup>st</sup> Century**" and **Mr. Taweechai Charoensilawat**, Bangkok, Thailand delivering a guest lecture on "**New Trends in Management Sciences**" organised by Staff Academy on 13<sup>th</sup> July 2022. Hon. Trustee Shri. Sandip Rohamare, Principal Dr. B.S. Yadav, IQAC Coordinator Prof. Vijay Thange, Staff Academy Chairman Dr. R.K. Kolhe, Event Coordinator Prof. Ravindra Jadhav, and 96 faculty members were presented at the event.

At the beginning of the programme, **Prof. Ravindra Jadhav, the Coordinator of the program** and member of the Staff Academy introduced the guest speaker and programme to the participants.

On behalf of the college, **Dr. Vijay Thange** welcomed Dr. Arun Chainit and Mr. Taweechi Charoensilwant and introduced the college activities for quality education for students.

In the first session of **Dr. Arun Chainit** speaking on "**Educational Challenges of the 21st Century**" said that education is the main tool of social enlightenment and as society changes, so do the changes in the education system. Globally, UNESCO has named the 21st century as the century of knowledge and expressed the hope that students of all ages will benefit from free and compulsory education while presenting a new educational policy. He also mentioned that to increase the quality and maintain that educational quality, teachers should use the new teaching methods of the 21st century and use a large amount of technology.

In the second session, **Mr. Tavichai Charanshilawat** gave guidance on "**New Trends in Management Sciences**". He explained various trends in management and their importance in the better results in the task. He also focussed on management creating smoothness in the function of the organisation.

**Principal Dr. B.S. Yadav** in his welcome speech, expressed his views on the new education policy 2020 and commented on the current education system and employment generation. It was mentioned that the Indian education system is proving to be a guide to the world. He also mentioned the Tribhasha formula adopted in the new education policy.

**Hon. Sandip Rohmare** gave a presidential address and explained optimism that the new education policy will be a key factor in India's foundation and noted that only teachers can do the work to meet the educational challenges of the 21st century.

**Dr. R.K. Kolhe** expressed a vote of thanks at the end of the session and the programme was compered by Prof. Varsha Aher. About 96 staff members of the college attended the session and asked questions at the end.

Respected Sir,

We would like to express our gratitude toward you for accepting our invitation as a guest speaker to deliver a thought-provoking session on 'Software Development Process and Quality Assurance' for the students of BBA-CA, BCA-Science, and B.Sc. Computer Science under our MoU with your premier university. We believe that the knowledge you have shared will immensely help in the development of the software and how to learn the skills for software development and process and quality assurance to the students.

So, I appreciate you for conducting a special lecture on 'Software Development Process and Quality Assurance' on 7<sup>th</sup> October 2022 at 9.30 am (IST) virtually via Zoom Platform. We anticipate the same cooperation in the future.

Thanking you,

(Dr. B.S. Yadav)

Dear Respected iTAC 2022 Jury,

On behalf of the Jury Committee, we would like to extend our gratitude to thank you for being a jury in iTAC 2022. Your consideration and willingness to spare your time, despite your busy schedule to be the jury in our international and teaching aid competition this year is much appreciated.

Our judging process was a huge success, all thanks to your contribution.

Please find the attached appointment letter for your generosity in sharing your expertise with all of us.

Looking forward to having collaborations with you in the near future.

Regards,  
Judging Committee,

## Report:

**Introduction of the Programme:** Global Learning is one of the initiatives highlighted in Education 5.0 at UiTM. This domain is also recorded in Education 5.0 @ UiTM Navigating the Future that emphasizes the concept of meaningful student learning. There are five main pillars in Education 5.0, namely: i) coherent and relevant curriculum, ii) innovative delivery and assessment, iii) meaningful learning experience, iv) transformative learning environment and v) inspiring educators.

As to support the aspirations of the implementation of flexible delivery & education 5.0, Academy of Language Studies, UiTM Kedah Branch takes the opportunity to conduct a series of online teaching and learning webinars with the participation from international invited guest speakers

As a part of the MoU with UiTM, MARA University, Malaysia, this programme was organised by the Academy of Language Studies, UiTM, MARA University, Kedah Branch, Malaysia. There were five sessions were organised on Sisco Webex Meeting platforms during 18<sup>th</sup> May 2022 to 15<sup>th</sup> June 2022 under collaborative teaching methodology for different students classes of the UiTM.

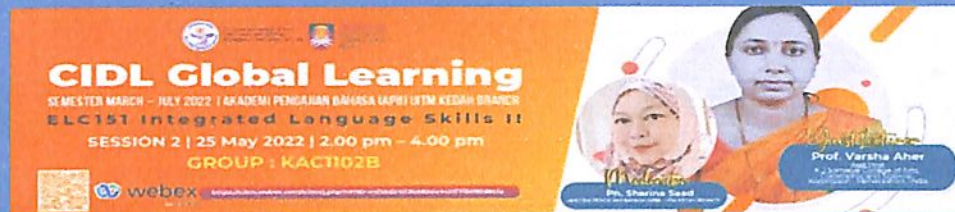

The first session was organised on 18<sup>th</sup> May 2022. This session was delivered by Dr. Vijay Thange, Head, Dept. of English, K.J. Somaiya College, Kopergaon. The moderator of this session was Madam Noorlizawati Md. Tahir from the Academy of Language Studies, UiTM, MARA University. At the beginning, Madam Norlizawati introduced the session. After that, Dr. Vijay Thange Delivered his session on the topic 'READING: Interpret non-linear texts, describing charts & diagrams, transfer information from linear to non-linear forms'. The guest lecture on 'Interpretation of Non-Linear Texts' delivered by Dr Vijay Thange was a comprehensive exploration of strategies to decipher and articulate information from non-linear sources, particularly focusing on charts, diagrams, and the transfer of information between linear and non-linear formats. The lecture catered to a diverse audience, including students, academicians, and professionals.

### Session-2

The second session was organised on 25<sup>th</sup> May 2022. This session was delivered by Prof. Varsha Aher, Dept. of English, K.J. Somaiya College, Kopargaon. Subject: Appreciation letter for delivering a talk as a guest speaker.....

Dear Sir,

I would like to take this opportunity to express my heartfelt thanks for your very active participation in our guest lecture entitled 'Global Economy and Sustainable Development'. The Management and faculty members have also asked me to pass on their sincere appreciation for your efforts in delivering thought-provoking lectures on important topics. You covered all the aspects of the global economy as well as the impact of the global economy on sustainable development, sustainable development, and its importance is more important rather than unbalanced economic development in your talk.

Your skill in talking about different angles of the subject 'Global Economy and Sustainable Development' was highly appreciated by students and faculty members of Commerce & Management. We are grateful for making this event graceful and fruitful. We anticipate the same cooperation from you in the future.

Thanking you,

**Report:**

K. J. Somaiya College of Arts, Commerce & Science, Kopargaon, India, organised a special guest lecture on "Global Economy and Sustainable Development" by Dr. Ravindra Rena, Professor of Economics, Faculty of Management Sciences, Durban University of

Technology, South Africa to the students of B.Com. & M.Com. on 2<sup>nd</sup> November 2023 under the Internal Quality Assurance Cell of the college in Sakarben Auditorium Hall.

At the beginning of the event Dr. Ravindra Jadhav, the Event coordinator introduced the purpose of the programme and also introduced the guest speaker Dr. Ravinder Rena and expressed his deepest gratitude towards the chief guest for making it available. Dr. Sanjay Argade welcomed Dr. Ravinder Rena on behalf of the Faculty of Commerce, IQAC and K.J. Somaiya College.

In this lecture, Dr. Ravinder Rena expressed his views on the Global Economy and Sustainable Development. He stressed the Global Economy trying to make development activities for economic development but, economic development should be sustainable development. Sustainable development is based on equality and an emphasis on balanced development. If few Countries are developed and the rest are facing the problems of bread and butter then it is a sign of unbalanced development.

On this occasion, Prof. Dr. Santosh Pagare, in charge and Head of the Department of Commerce of the college addressed the presidential speech and explained activities conducted by the Department of Commerce for sustainable and overall development.

On this occasion, 101 students of B.Com. Faculty were presented along with faculty members Prof. Ajit Dhanwate, Prof. Sunil Gunjal, Prof. Swagat Randhir, Prof. Sonali Avhad, Prof. Mukesh Malwade. Prof. Dr. Sanjay Argade expressed gratitude towards the chief guest at the end of the session.

## **PREFACE**

iTAC or International Teaching Aid Competition 2023 was a venue for academicians, researchers, industries, junior and young inventors to showcase their innovative ideas not only in the teaching and learning sphere but also in other numerous disciplines of study. This competition was organised by the Special Interest Group, Public Interest Centre of Excellence (SIG PICE) UiTM Kedah Branch, Malaysia. Its main aim was to promote the production of innovative ideas among academicians, students and also the public at large.

In accordance with the theme "Reconnoitering Innovative Ideas in Post-normal Times", the development of novel ideas from the perspectives of interdisciplinary innovations is more compelling today, especially in the post-covid 19 times. Post-pandemic initiatives are the most relevant in the current world to adapt to new ways of doing things and all these surely require networking and collaboration. Rising to the occasion, iTAC 2023 has managed to attract more than 267 participations for all categories. The staggering number of submissions has proven the relevance of this competition to the academic world and beyond in urging the culture of innovating ideas.

iTAC 2023 committee would like to thank all creative participants for showcasing their innovative ideas with us. As expected in any competition, there will be those who win and those who lose. Congratulations to all the award recipients (Diamond, Gold, Silver and Bronze) for their winning entries. Those who did not make the cut this year can always improve and join us again later.

It is hoped that iTAC 2023 has been a worthy platform for all participating innovators who have shown ingenious efforts in their products and ideas. This compilation of extended abstracts published as iTAC 2023 E-Proceedings contains insights into what current researchers, both experienced and novice, find important and relevant in the post-normal times.

Best regards,

### ABSTRACT

In the globalised world today, international communication has been made easily accessible to students from various parts of the world. Using the internet, students at all levels from different parts of the globe can connect and get to know one another. Based on this premise, an online intercultural programme between two higher learning institutions in Malaysia and India was conducted with the main objective to expose the students to international and intercultural communication. Students were asked to record their feedback on the programme as journal entries. The journal entries were then analysed using ATLAS.ti to explore the emerging themes which indicate what the students have gained the most from the programme. Analysis of the journal entries has shown that students who joined the programme have managed to gain new experiences, new knowledge and also communication skills. These three antecedents are significant variables in students' learning since they open new and refreshing vistas in the students' learning experiences. Hence, the online intercultural programme as the one in this study is a highly viable option to be conducted not only by institutions of higher learning but can also be organised by any other institutions at the lower and secondary levels, if there is internet connectivity and suitable devices.

**Keywords:** online intercultural programme, new experiences, new knowledge, communication skills, international communication

## INTRODUCTION

Language is essential for effective communication (Mermoul & Trichinon, 2020). Given this, language can be a highly effective medium for fostering intercultural communication skills. Byram (1997), one of the foremost proponents of intercultural research, defines intercultural communicative competence as a collection of factors that enable a person to communicate effectively with people of various cultural backgrounds. International collaboration is one of the most effective methods to promote intercultural sensitivity. Previously, tangible travel was required to initiate an international collaboration. Thanks to the pandemic, which has enhanced global communication, we can now collaborate globally online for free, requiring only our time and effort. This online intercultural programme (OIP) which was named Window to the Borderless World (WBW) was a language initiative that was administered by UiTM Kedah Branch and K.J. Somaiya College of Arts, Maharashtra, India, from November 2021 to February 2022. It aimed to promote international cooperation while assisting students in the development of their English communication skills and intercultural sensitivity.

This WBW initiative was composed of five phases. The first phase involved finding an international partner institution is the first step. An announcement was posted to a Facebook teaching group in search of potential companions. After identifying a suitable companion, the second phase consisted of two Google meetings to get to know one another and plan the topics and schedule. The third phase involves preparing the students by instructing them and requesting that they form groups. The fourth phase included the task of executing 20 positions of Google Meet presentations in groups according to the prepared schedule. In the fifth phase, students composed reflections on Google Classroom and Facebook groups.

## NOVELTY

This initiative was unique because it facilitated international collaboration at no cost other than time and effort. In addition to initiating an academic bond between two institutions of higher education, this initiative also established a cultural bond that united two countries that are wealthy in cultural diversity and national identity. Even though this endeavour was conducted virtually, it afforded the students numerous opportunities to speak English with confidence, meet new people, and discuss a variety of intriguing topics.

This project's originality stemmed from the lecturers' efforts in planning and initiating the project, as well as identifying the topics that students had to present throughout the course. Students were required to share new insights regarding cultural topics such as weddings, cuisine, festivals, attire, superstitions, music, dance, and films in Malaysia and India. All of these provided the students with new perspectives on their voyage. Since we are inundated with new information on multiple social media platforms every day, such exchanges are more important now than ever before. Consequently, the meetings and discussions modelled by this programme would be extremely beneficial for fostering intercultural understanding.

### COMMERCIALISATION POTENTIAL

This project is applicable and replicable by any group of lecturers or students who wish to engage in international collaboration to increase student's intercultural awareness and oral communication confidence. The concerned party need only adhere to the measures taken to organise this OIP project. This undertaking is also highly applicable because it can be tailored to the background and number of students as well as the background and number of lecturers.

### FINDINGS

This initiative had a significant impact on 25 diploma students whose journal entries were analysed. These students were required to create a Facebook group, form small groups, prepare presentations based on the assigned topics, present the topics during the Google Meet sessions, update the Facebook group with their opinions and updates, and compose their reflections in Google Classroom. For this report, the students' reflective writings on Google classroom were analysed to find out the emerging themes from their write-ups.

The students' reflective writings were run through ATLAS.ti to identify the themes. There are 74 codes retrieved from the responses. After theme analysis, 3 themes were identified; New Knowledge, New Experiences and Communication Skills.

Hence, the online international communication project benefited the students most in terms of enabling them to acquire new knowledge, allowing them to gain new experiences and promoting them to glean better communication skills.

## CONCLUSION

Intercultural awareness and competence entail considerably more than mere cultural knowledge. It entails understanding that people's thoughts and actions are largely governed by their cultural composition and possessing strategies for acting and reacting successfully in intercultural contexts. This has been addressed by this OIP initiative. According to Sinagatullin (2019), intercultural awareness includes preparing students to live, work, and cooperate with people from diverse socio-cultural, ethnic, linguistic, and racial backgrounds; developing a creative and reflective personality that can make responsible decisions in a variety of multicultural settings; and fostering students' global competence so that they can successfully function in the global community. This OIP initiative is innovative and significant because it has prepared students to become global citizens even when they are happily spending time at home.

## RESILIENCE IN THE FACE OF ADVERSITY

KICSS'23 would like to welcome researchers, academics and practitioners who are actively engaged both in theoretical and practical aspects within the respective areas to submit their papers for consideration in the colloquium. The conference should serve as an avenue for high level interaction, discussion and debate in a kind, supportive and relaxed atmosphere. This colloquium will bring together researchers, academics, and industrial practitioners to a common forum on the related issues.

Dear Dr. Jadhav,

I hope this email finds you well. I am writing to invite you to serve as a reviewer for the Social and Management Research Journal (SMRJ). SMRJ is a prestigious journal that focuses on social and management research and is indexed in MyCite and the ASEAN Citation Index (ACI). We believe that your expertise would greatly contribute to the review process.

Paper Title: "Do Sustainability or Environmental, Social, and Governance (ESG) Practices Influence the Performance of Emerging Asian Banks during the COVID-19 Pandemic?"

Attached to this email, you will find the manuscript and a reviewer feedback form for your kind perusal. We highly value your expertise and would sincerely appreciate your time and effort in conducting a review of the paper. The deadline for the review is July 20, 2023.

Thank you for your time, and we look forward to receiving your review of the manuscript. Should you have any questions or require further information, please do not hesitate to contact us.

Best regards,

Editorial Team

### --: About the Collaboration and Conference :-

Kopargaoon Taluka Education Society started Somaiya College of Arts, Commerce & Science in June, 1964. The two great visionaries, Late Shri. K.B. Rohamare (MLA) and Padmabhushan Late Shri. K. J. Somaiya had the vision of educational crusade against the evils of illiteracy and poverty in Kopargaoon. Late Shri. K.B. Rohamare (Dada) and Padmabhushan Late Shri. K.J. Somaiya had worked beyond the limits to bring the light of education in the life of peasants and the deprived classes. The organisational creation of Dada and financial devotion of Late Shri. K.J. Somaiya had made this dream come true in the form of this institute. K. J. Somaiya College, Kopargaoon is one of the premier institutes in Ahmednagar district. Our college has been awarded with 'A' grade twice by NAAC, Bangalore and in recent reaccreditation we got 3.18 CGPA. Our college is recipient of Best College Award of Savitribai Phule Pune University for the year 2018-19. Also, ours is an ISO certified institute since 2007. The college today is imparting quality education to nearly about 5000 students with undergraduate and post-graduate degrees and Ph.D. research degrees in Arts, Commerce, Science, Computer Science and Computer Applications.

The college has MoU with many institutions of excellence like JSBSS ECAC, Mantha. Both Signed MoU in 2021 and organized various quality initiatives for the students. in the Month of Feb 2022 KJS Kopargaoon College and ECAC organize webinar on on India's Budget. we also conduct 40 Days Online course for the students in 2022. as per the India's 21st centuries situation as Indian we experienced various aspects about nation. we implement various policy for sustainable development of various sectors but due to lack of implementation of system we fail time to time. Now India performing as a global power but till the date we cant found the concrete solutions on our basic problems in 21st century. Kopargaon Taluka Education Society started K.J. Somaiya College of Arts, Commerce & Science in June, 1964. The two great visionaries Late Shri. K.B. Rohamare (MLA) and Padmabhushan Late Shri. K. J. Somaiya had the vision of educational crusade against the evils of illiteracy and poverty in Kopargaon. Late Shri. K.B. Rohamare (Dada) and Padmabhushan Late Shri. K.J.Somaiya had worked beyond the limits to bring the light of education in the life of peasants and the deprived classes. The organizational creation of Dada and financial devotion of Late Shri. K.J. Somaiya had made this dream come true in the form of this institute. K. J. Somaiya College, Kopargaon is one of the premier institutes in Ahmednagar district. Our college has been awarded with 'A' grade twice by NAAC, Bangalore. Our college is recipient of Best College Award of Savitribai Phule Pune University for the year 2018-19. Also, ours is an ISO certified institute since 2007. The college today is imparting quality education to nearly 5000 students with undergraduate and post-graduate degrees and Ph.D. research degrees in Arts, Commerce, Science, Computer Science and Computer Applications.

### **About MOU & Activities**

The college has MoU with many institutions of excellence like JSBSS ECAC, Mantha. Both Signed MoU in 2021 and organized various quality initiatives for the students. In the Month of Feb 2022 College and ECAC organized webinar on India's budget. we have conducted 40 Days Online course for the students in 2022. As per India's present we implement various policies for sustainable development of various sectors But due to lack of implementation of system we fail time to time. Now India is performing as a global power but still too we unable to find concrete solutions our basic problems . This conference focus on different issues related to Indian Perspectives for sustainable economy and nation. **Brief Summary**

Department of Economics Conducted Bank Visit (SBI branch Kopargaon) for Financial Literacy or financial awareness among the Students on 18th & 19th Sept 2018. Forty seven students actively participated in this regional bank visit. Students were introduced with Modern banking technologies just like Passbook Printing Machine (PBPM), Cash Depository Machine (CDM) Automatic Teller Machine (ATM), Green Chanel, Internet Banking etc. Such activities enrich the financial knowledge of the students and helps for smooth conduct of their financial work.

**Outcome:**

1. Students get the opportunity to see how a bank functions in real life. They can observe various activities such as cash transactions; check processing, account opening procedures, and how ATMs work.
2. Financial Literacy: A bank visit can cultivate financial literacy among students. They can learn about different types of bank accounts.
3. Students learned the importance of saving money, interest rates, and the concept of compound interest.
4. Careers in Banking: A bank visit might inspire some students to consider careers in the banking and finance industry. They can learn about various roles within a bank and the educational requirements for such careers.

#### **B. Student Exchange & Research Collaboration:**

**Dept. & Research Centre of Geogaphy from K. J. Somaiya College of Arts, Commerce & Science and Dept. & Research Centre of Geography, from New Arts, Commerce & Science College, Parner.** agree that student exchange will be guided by principles listed below A home institution refers to the institution where a student is a full-time student, and from where he/she is expected to graduate.

A host institution refers to an institution that receives a student for a brief period of time to undertake a pre-determined programme or research of study from Department of Geography.

- Exchange students will be selected by mutual agreement between the home institution and the host institution.
- An exchange student will continue to be treated as full-time student at his/her home institution.
- An exchange student will be considered as full-time "exchange" student at the host institution.
- His/her programme of study at the host institution will be determined by mutual consultation between his/her academic advisor at the home institution and his/her "interim" academic advisor identified by the host institution.
- The host institution will evaluate an exchange student's performance in each course or module, award a letter grade or marks, and issue a letter to that effect. The home

institution may award to the exchange student credits earned at a host institution, but only after the home institution has established correspondence between courses taken at the host institution vis-a-vis those offered at the home institution.

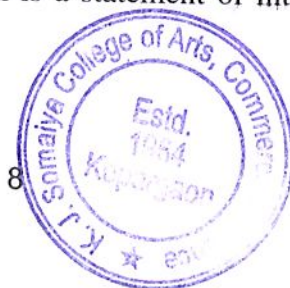

- If an exchange student has undertaken research, then the host institution will evaluate the exchange student's performance in the research, and issue a letter to that effect, together with a "report" of the research carried out. If an exchange student has undertaken research, then the home institution will take note of the performance evaluation and the technical report, and take steps in accordance with its own procedures.
- K. J. Somaiya College of Arts, Commerce & Science and New Arts, Commerce & Science, Parner agree to provide suitable accommodation and living expenses for student exchange.
- To avail travel expenses, students can apply for existing funding programs at their respective home university.
- The exchange students will pay tuition and other fees at their home institution.

#### **C. Other Areas:**

- To exchange information on research and educational programs,
- To exchange information on teaching, learning material and other literature relevant to their educational and research programs,
- To jointly organize short-term continuing education programs on topics of mutual interest and to invite each other's faculty to participate therein,
- To organize jointly seminars, conferences, or workshops on topics of mutual interest and to invite each other's faculty to participate therein,
- To propose and engage jointly in research or training programs sponsored by funding agencies, and to invite each other's faculty to participate therein,
- To exchange, on a reciprocal basis, students at Undergraduate, Post Graduate and Research level for limited periods of time for purpose of education.
- To permit students staff to use library or laboratory facilities.

#### **CLAUSE 7: LEGAL EFFECT**

Nothing in this Memorandum shall be construed as creating any legal relationship between the departments. This Memorandum is a statement of intent to foster genuine and mutually beneficial collaboration.

## CLAUSE 8: DISPUTE RESOLUTION

In case, there be a dispute relating to any aspect of academic cooperation, Head, Dept. of Geography, K. J. Somaiya College of Arts, Commerce and Science , Head Dept. of Geography, New Arts, Commerce & Science College, Parner will jointly resolve the dispute in a spirit of independence, mutual respect, and shared responsibility.

Department of Geography, K. J. Somaiya College of Arts, Commerce and Science & Department of Dept. of Geography, New Arts, Commerce & Science College, Parner welcome the establishment of this Memorandum for cooperation and jointly agree to the provisions as set out above.

**Aim:** To visit Renaissance Winery, Nasik

**Objectives:**

To study and optimize the wine making process.

**History and Location:**

Established in 2004, Renaissance Winery is located at Ozar, near Nasik in Maharashtra. The scenic Nasik Valley with its rich soil and warm sunlight makes it ideal for growing grapes.

## **Introduction:**

The winery with its neoclassic look exudes old world charm and belies the look of a production unit.

Surrounded with acres of lush vineyards and close to the National Highway, it is easy to fall in love with the winery and its wine. Our vineyards are carefully tended and nurtured by our viticulturist in an environmentally responsible manner.

The yield is strictly controlled to ensure the grapes are of highest quality. Combining ancient tradition with modern technique, grape juice is fermented matured and aged at regulated temperature to achieve the right flavor and colour.

The complete process is monitored constantly in our laboratory for strict quality control, before wine is bottled in imported bottles from France in our ultramodern bottling plant.

The winery has its own acres of vineyards estate and also with buyback contracts with farmers owning about acres of vineyard for the Winery.

The capacity of the our winery is presently 700,000 liters which was increased from 250,000 liters.

## **Location:**

Strategically located on the Mumbai-Agra highway, the winery building is visible from this busy highway and is 1.5 km from Nasik Airport, Ozar.

## **Benefits of Wine:**

- 1) Lowers risk of Heart Disease.
- 2) Preventing Dementia.
- 3) Lowers The Risk of Stroke.
- 4) Reduces 30% Heart-Attack Risk.

### 3) Fermentation:

Fermentation is a term to describe any process for the production of a product using culture of microorganisms.

Fermentation word was utilized as a part of connecting to wine making was in reference to clear boiling that came from the anaerobic reaction of the yeast to the sugar in grape juice which releases carbon dioxide.

The connection between yeast and the process of the fermentation in which the yeast act as catalyst and middle person through a progression of a reaction that convert sugar into alcohol was observed by Louis Pasteur.

The term wine is applied here to the product made by alcoholic (ethanolic) aging of sound grapes juice by yeast *Saccharomyces cerevisiae*.

Followed by appropriate period of aging.

The temperature was set at 15-18°C. The pH of the fermentation broth was adjusted to 3.5-3.7.

All the sterile conditions were maintained during this work and the batch was run for 15 days.

The fermentation reaction of hexose sugar (glucose) by yeast has been by Gay-Lussac which forms the basis calculating fermentation efficiency.

#### 4) Clarification:

In winemaking, clarification and stabilization are the processes by which insoluble matter suspended in the wine is removed before bottling. This matter may include dead yeast cells(lees), bacteria, tartrates, proteins, pectins, various tannins and other phenolic compounds, as well as pieces of grape skin, pulp, stems and gums.

#### 5) Filtration:

Filtration works by passing the wine through a material that contains a series of very small holes (or "pores") similar to a coffee filter. Liquid and particles small enough to fit through these holes are allowed to pass through; particles that are too large get held back and are effectively removed from the liquid.

## **7) Storage:**

Packaged wines are kept in refrigerator for storage.

## **Instruments:**

- 1) Hoses
- 2) Pipes
- 3) Pumps
- 4) Fermentation tank
- 5) Fermentation vats
- 6) Steamers
- 7) Pasteurizers
- 8) Refrigerators
- 9) Blenders
- 10) Filters
- 11) Packaging/bottling machines

## **PRODUCTS OF RENAISSANCE WINERY**

### **1) Red Wine:**

Red wine is a type of wine made from dark-colored grape varieties. The actual color of the wine can range from intense violet, typical of young wines, through to brick red for mature wines and brown for older red wines.

### **2) White wine:**

White wine is a wine that is fermented without skin contact. The colour can be straw-yellow, yellow-green, or yellow-gold. It is produced by the alcoholic fermentation of the non-coloured pulp of grapes, which may have a skin of any colour.

They decided to name this wine **MIGO (MIG-OZAR)**, in honour of this fine aircraft & no less for the people who make it .

Which is what makes there wine\_ what it is \_**MIGO- The Fighter's Choice!**

**Brief Introduction of Jeevan Clinical Laboratory:**

Jeevan Clinical Laboratory is one of the reputed computerized clinical laboratory in the vicinity. It operates with medical lab technological analysis result sheet. It is famous in conducting bio-chemical test on Robonik Prietest Touch Plus semi auto analyzer and haematological test on VECTOR 2300 Haematological Analyzer.

The Memorandum of Understanding is being signed by the authorities of both the institutions on the following grounds with certain terms and conditions for the period of five years commencing from the date of signing the said document.

- **Jeevan Clinical Laboratory** will assist the college by providing guidance for conducting the skill oriented course for students in Diploma in Medical Lab Technology (DMLT) with the help of its staff members without any monetary rewards.
- K.J.Somaiya College will provide the infrastructure required for the demonstration of technical activities without any monetary rewards.
- **Jeevan Clinical Laboratory** will organize lectures, workshops and training programs for the students and the faculty members without charging any fees.
- **Jeevan Clinical Laboratory** shall permit the students for field visit in its premises on certain terms and conditions of the industry.
- **Jeevan Clinical Laboratory** will provide the required technical assistance to the college in conducting the skill oriented course.
- **Jeevan Clinical Laboratory** shall assist in placement of student completing the skill oriented course successfully.
- This Memorandum of Understanding can be cancelled by giving a prior notice of 90 days from both the institutions to each other.

### Report on Experimental Learning Practical Session (2021-22)

I am gratified to provide a report on the recent experimental learning practical session conducted at Microbiology Department, K. J. Somaiya College Kopargaon. This initiative was designed to foster active and experimental learning among our students and enhance their understanding of various subjects. The practical was successfully completed of UG and PG with the accomplishment of students' knowledge. As the Principal, I had the privilege to overseeing and assessing this valuable educational endeavor, which took place during the academic year 2021-22.

#### Objective of the Session:

The primary objective of this Experimental Learning practical session was to provide students with a hands-on learning experience to reinforce theoretical knowledge gained in the classroom. Teamwork and collaboration among students were encouraged throughout the session.

#### Recommendations:

Based on the session's success and feedback received, I propose the following recommendations:

- Continue to incorporate experimental learning sessions into Microbiology curriculum.
- Facilitators should undergo periodic training to further enhance their teaching and guidance skills.

**A Visit Report On**  
**Jeevan Clinical Laboratory, Kopargaon**

**Date:**

**Visit Report Place:** Visited Jeevan Clinical Laboratory, Kopargaon.

**Purpose:** To get information about Clinical Laboratory practices and to gain knowledge regarding instruments used in Laboratory.

**Guide Name:** Mrs. Sheikh Y. K.

**Student Name:**

**Introduction:** We all are students of T.Y.B.Sc Microbiology have visited to Jeevan Clinical Laboratory, Kopargaon on 12<sup>th</sup> May 2022 with Head of Department, Mr. A. D. Pawar Sir and other faculty members. Our Guide Mrs. Sheikh Y. K. Mam have introduced us with knowledge of different instruments, principle, working and its diagnostic applications. The labs are equipped with various instruments like PCR machine, cell counter, Laminar air flow, Hemocytometer etc.

**Instruments used for Clinical Diagnosis:**

**1) Cell Counter (CBC)**

Used in medical and research labs, automated cell counters can be used on blood or urine samples to determine the number and types of cells present or to check the viability of a cultured cell line for research purposes. Some automated cell counters are for blood analysis and others for urinalysis. Features vary between the different automated cell counters, including sample size requirement, quantity and cell types it can analyse, data management, and whether or not it can differentiate between live and dead cells. Automated cell counters are machines that automatically count cells. The sample is loaded into an automated cell counter and it is forced through a small tube while the automated cell counter uses optical or electrical impedance sensors to count how many cells go through the tube.

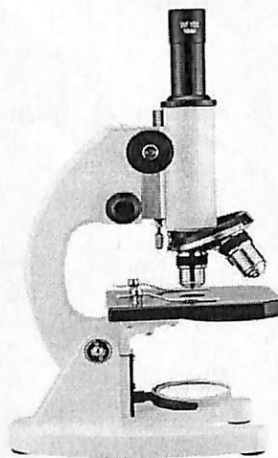

**Fig. Hematocytometer**

#### **4) Microscope**

Microscopes are instruments that are used in science laboratories to visualize very minute objects such as cells, and microorganisms, giving a contrasting image that is magnified. Microscopes are made up of lenses for magnification, each with its own magnification powers. Depending on the type of lens, it will magnify the specimen according to its focal strength.

Their ability to function is because they have been constructed with special components that enable them to achieve high magnification levels. They can view very small specimens and distinguish their structural differences, for example, the view of animal and plant cells, viewing microscopic bacterial cells.

Microscopes are generally made up of structural parts for holding and supporting the microscope and its components and the optical parts which are used for magnification and viewing of the specimen images. This description defines the parts of a microscope and the functions they perform to enable the visualization of specimens. There are different types of microscopes like a light microscope, dark-field microscope, phase contrast microscope, electron microscope, fluorescent microscope, etc.

**Fig. Microscope**

### 5) PCR Machine

PCR-Machines are based on Polymerase Chain Reaction (PCR) and produce copies of genes exponentially. The PCR cycling reactions are carried out in an automated thermocycler, which is capable of heating and cooling the reaction tubes in a short span of time. PCR-Machines are classified depending on the capacity of PCR used such as Nested PCR or Reverse Transcriptase PCR (RT-PCR), or Multiplex RT PCR. PCR-machines are used for replication of DNA, detecting DNA sequences, carrying out DNA fingerprinting, forensic analysis, and molecular cloning, diagnosing genetic diseases, and detecting pathogens such as Hepatitis B and C viruses, Chlamydia trachomatis, HIV-1 causing AIDS, Neisseria gonorrhoeae, human papillomavirus, Mycobacterium tuberculosis, and Cytomegalovirus and find application in research laboratories and clinical diagnostics.

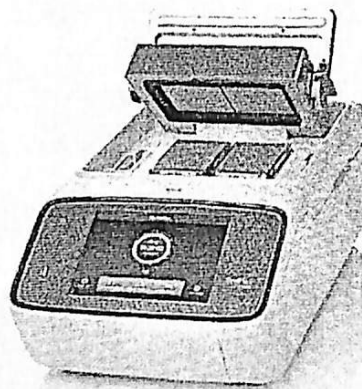

Fig: PCR Machine

#### Conclusion:

All the instruments were studied efficiently along with its diagnostic use and various applications.

## PROJECT :

### ACADEMIC YEAR 2021-22:

Serving as the foundation upon which decisions are made and actions are taken. In the realm of project work, whether it's a research endeavor, a business initiative, or a creative endeavor, the quality and accessibility of information are paramount. Effective project management relies on the timely and accurate gathering, analysis, and utilization of data and knowledge. Without a robust information framework, projects can flounder, and objectives can remain elusive. Therefore, the ability to harness and leverage information is not just a skill but a crucial asset for project teams, enabling them to navigate challenges, make informed choices, and ultimately achieve their goals.

आपल्या महाविद्यालयातील सूक्ष्मजिवशास्त्र विभागाच्या (Department of Microbiology) वतीने आमच्या शाळेतील एकूण १२७ विद्यार्थ्यांचे रक्तगट तपासून दिले. त्याबद्दल आम्ही आपले अत्यंत आभारी आहोत.

प्रा. चौधरी सर व प्रा. डॉ. शैलेंद्र बनसोडे सर यांच्या मार्गदर्शनाखाली सहर कार्य उत्कृष्टपणे पार पडले.

भविष्यातही आपल्या मान्यवर संस्थेकडून सहकाऱ्यांची अपेक्षा आहे.

पुनश्च एकदा आपले मनःपूर्वक आभार !

कळवि

आपली विश्वासू

**“Baswant Honeybee Garden”**

**Introduction :**

The Indian agriculture needs to be diversified so as to generate more income to farmers. Considering this aspect Pimpalgaon and Village Industries Board is promoting Honey production industry from years 2018 together in the country. Honey and Bees are known to the mankind since times immemorial. Honey is a nutritious fluid collected by Honey Bees which is good for human health. Honey is used by mankind since very ancient period as food , medicine etc. Honey bees also plays important role in increase in yield of crop through pollination. This industry plays important role to create employment opportunities among the rural mass. The Government is implementing various programs so as to promote this industry at large extent.

**Location:**

Located at “Baswant Honeybee Garden”, Pimpalgaon Baswant, Dist. Nashik.

**Benefits of Honey :**

- Rich in antioxidants.
- Better for blood sugar levels than regular sugar.
- May improve heart health.
- Promotes burn and wound healing.
- May help suppress coughing in children.

**species of honeybees :**

- Apis florae
- Apis dorsata
- Apis mellifera

## **Bee Colonies**

In The Bee Colony Each and every bee colony is made up of three types of bee castes of the bee according to their work. These three are:

1. A queen bee usually, the only single fertile female of the colony.
2. Female workers bee; which are present in large number, generally around more than 30,000 in particular colony.
3. Male drones which are present in hundreds of number in the particular colony for the breeding purpose.

## **Bee Products in Honey Bee Farming**

The main products of beekeeping business are Honey, Bees Wax, Bee Venom, Propolis, Royal Jelly & Pollen. The details of given below:

### **Honey**

Honey is a sweet, viscous food substance produced by bees and some related insects. Bees produce honey from the sugary secretions of plants (floral nectar) or from secretions of other insects (such as honeydew), by regurgitation, enzymatic activity, and water evaporation. Bees store honey in wax structures called a honeycomb. The variety of honey produced by honey bees (the genus *Apis*) is the best-known, due to its worldwide commercial production and human consumption. Honey is collected from wild bee colonies, or from hives of domesticated bees, a practice known as beekeeping or apiculture. Honey gets its sweetness from the monosaccharides fructose & glucose, and has about the same relative sweetness as sucrose (granulated sugar). It has attractive chemical properties for baking and a distinctive flavor when used as a sweetener. Most of the microorganisms do not grow in honey, so canned honey does not spoil, even after several years. Honey provides 46 calories in a serving of one tablespoon (15 ml). Honey is regarded as safe when not taken in excessive amounts.

### **Different Type Of Honey:**

The rock bee, *Apis dorsata* (Apidae).

- The Indian hive bee, *Apis cerana indica* (Apidae).
- The little bee, *Apis florea* (Apidae)
- The European or Italian bee, *Apis mellifera* (Apidae).
- Dammer bee or stingless bee, *Melipona irridipennis* (Meliporidae).

### **Flowers Honey :**

Single flower honeys (also known as varietal, monofloral or unifloral honey) differ from multifloral or wildflower honeys by the predominance of nectar collected from a single type of plant.

### **Squeezed Raw- Honey:**

Raw Honey<sup>1</sup> means honey as it exists in the beehive or as obtained by extraction, settling, or straining; and that has not been heated above 118 degrees Fahrenheit during production or storage; or pasteurized.

### **Extracted Honey :**

Honey is a sweet, viscous food substance produced by bees and some related insects. Bees produce honey from the sugary secretions of plants or from secretions of other insects, by regurgitation, enzymatic activity, and water evaporation. Bees store honey in wax structures called a honeycomb. This crude unprocessed honey.

**Granulated Honey:**

Granulated honey is honey that has been dried and ground. The honey retains the same flavor but has a crunchy quality to it. Furthermore, it dissolves well in liquid, but doesn't have the stickiness of fresh honey. Granulated honey is used for vinaigrettes, sauces, marinades, and brines.

**Comb Honey:**

A honeycomb is a mass of hexagonal prismatic wax cells built by honey bees in their nests to contain their larvae and stores of honey and pollen.

**Beeswax:**

Beeswax (cera alba) is a natural wax produced by honey bees of the genus *Apis*. The wax is formed into scales by eight wax-producing glands in the abdominal segments of worker bees, which discard it in or at the hive. The hive workers collect and use it to form cells for honey storage and larval and pupal protection within the beehive. Chemically, beeswax consists mainly of esters of fatty acids and various long-chain alcohols. Beeswax has been used since prehistory as the first plastic, as a lubricant and waterproofing agent, in lost wax casting of metals and glass, as a polish for wood and leather and for making candles, as an ingredient in cosmetics and as an artistic medium in encaustic painting.

**Venom :**

Venom is a secretion containing one or more toxins produced by bees. Bees synthesize and employ an acidic venom (apitoxin) to cause pain in those that they sting to defend their hives and food stores, whereas wasps use a chemically different alkaline venom designed to paralyze prey, so it can be stored alive in the food chambers of their young.

**Propolis :**

Propolis or bee glue is a resinous mixture that honey bees produce by mixing saliva and beeswax with exudates gathered from tree buds, sap flows, or other botanical sources. It is used as a sealant for unwanted open spaces in the hive. Propolis is used for small gaps (approximately 6 millimeters, while larger spaces are usually filled with beeswax. Its color varies depending on its botanical source, with dark brown as the most common. Propolis is sticky at and above 20 °C while at lower temperatures, it becomes hard and brittle.

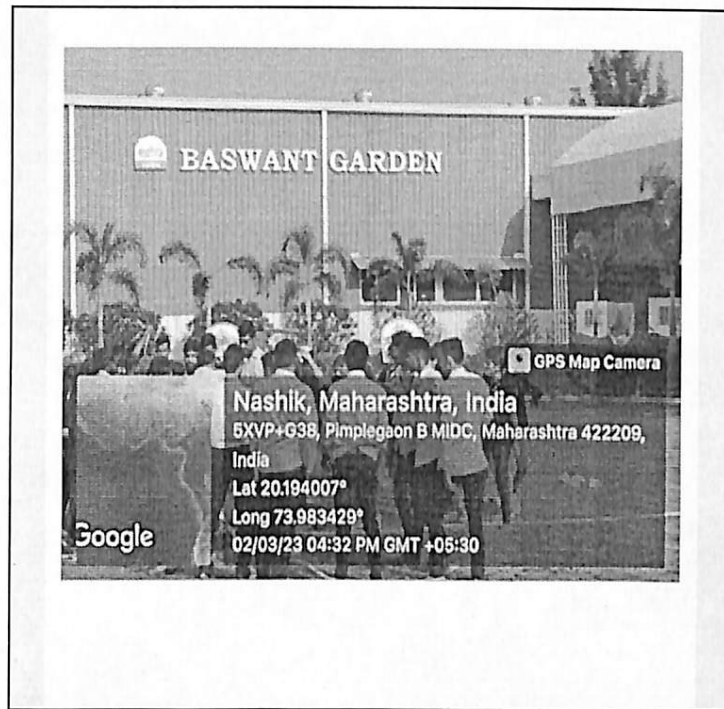

**Royal Jelly:**

Royal jelly is a honey bee secretion that is used in the nutrition of larvae, as well as adult queens. It is secreted from the glands in the hypopharynx of nurse bees, and fed to all larvae in the colony, regardless of sex or caste. When a bee hive is making new queens, the workers construct special queen cells, and the larvae in these cells are fed with copious amounts of royal jelly. This type of feeding triggers the development of queen morphology, including the fully developed ovaries needed to lay eggs.

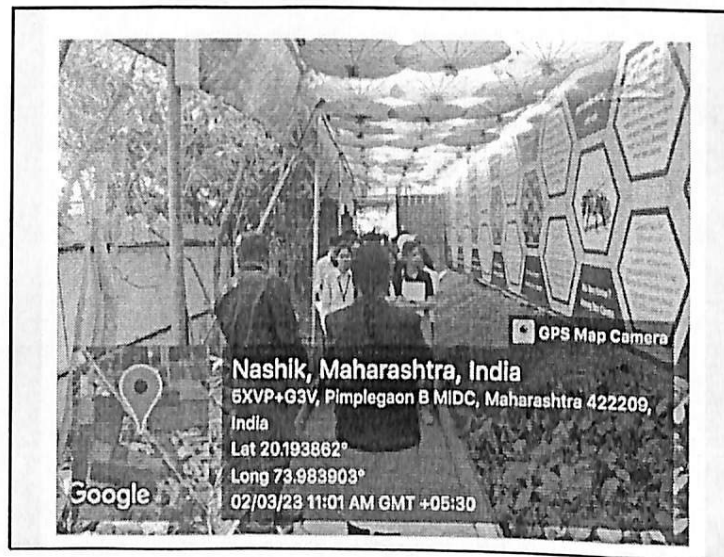

**Pollen:**

Pollen is a fine to coarse powdery substance comprising pollen grains which are male microgametophytes of seed plants, which produce male gametes (sperm cells). Pollen grains have a hard coat made of sporopollenin that protects the gametophytes during the process of their movement from the stamens to the pistil of flowering plants, or from the male cone to the female cone of coniferous plants. Pollen is commonly used as food and food supplement. However, because of agricultural practices, it is often contaminated by agricultural pesticides.

### Report on Successful Completion of Experimental Learning Field Visit to Honeybee Garden (2022-23)

I am delighted to report on the successful completion of the Experimental Learning field visit to the Honeybee Garden, which took place on 2nd March 2023. As the Principal of our institution, I had the privilege of observing and evaluating this enriching educational experience.

#### Objective of the Field Visit:

The primary goal of this Experimental Learning field visit was to provide our students with a firsthand opportunity to explore the intricate world of honeybees, their behavior, and their vital role in ecosystems.

#### Highlights of the Field Visit:

- Practical Learning
- Environmental Awareness
- Expert Guidance

The Experimental Learning field visit to the Honeybee Garden was a resounding success, aligning with our institution's commitment to providing holistic and experiential education. I extend my gratitude to the faculty supervisors, experts, and students for their active participation and enthusiasm during this educational endeavor.

**Activity Report 2022-23**

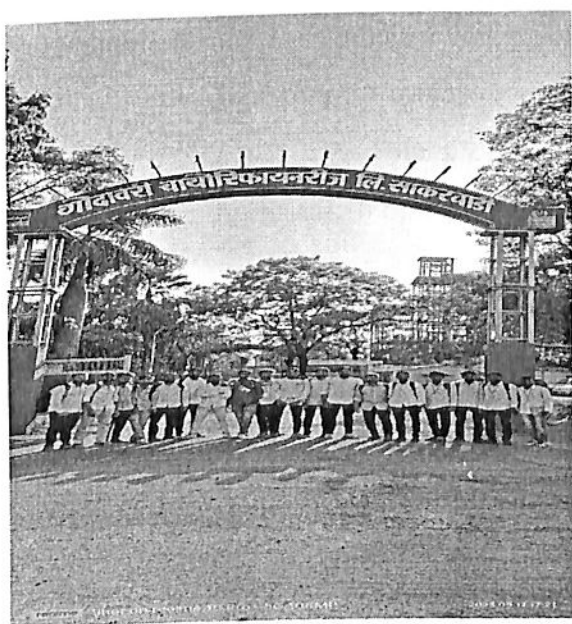

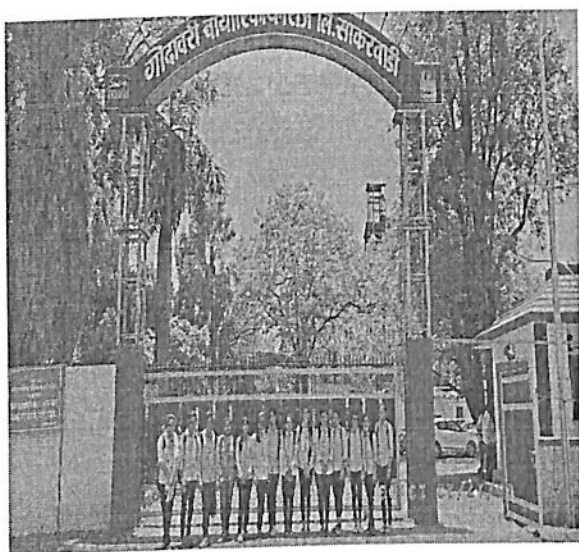

- K. J. Somaiya College of Art's, Commerce & Science, Kopergaon conducts different activities for the educational growth of students.
- The Chemistry department of the college have a collaboration with Godavari Biorefineries Limited Sakarawadi since 2015. Through this collaboration department every year organize the 'Industrial In-plant Training Programme' at Godavari Biorefineries Limited Sakarawadi for the PG students of chemistry department.
- For the academic year 2022-23 the training programme was carried out from 15/05/2023 to 17/05/2023.
- This training programme was successfully completed by forty-nine students; twenty-eight were girls and twenty-one were boys.
- In this training programme the students were visited the different units of the Godavari Biorefineries Plant at Sakarwadi.
- On the first day of programme the GM of the plant welcomes all the participated students. After that they delivered an introductory lecture on personal safety in the plant, overview of different units of the plants to the students.
- After the introductory lecture the students were divided into different groups with one instructor of the plant.
- In this programme the students get the actual knowledge of production of different chemicals, their purification, storage and transport methods.
- The students visited the R & D lab of the plant and know the actual working method in this plant, like how to start a reaction and how to monitor it.
- The students also visited the ETP plant (Effluent Treatment Plant) and saw the actual process involve in it.

- In the visit to the purification of chemical department the students get the knowledge about HPLC (High Performance Liquid Chromatography), GC (Gas Chromatography), etc.
- The overall programme was definitely very crucial for the students from their carrier point of view.
