Report

Name of Certificate Course	Computer Hardware and Network
Date & Duration	27 th October 2022 to 26 th Feb. 2023, 36 Hours
Name of Faculty	Computer Science
Number of Participant enrolled	89
Venue	Department of Computer Science

Brief Summary of Activity:

Department of Computer Science runs certificate course in Computer Hardware and Network. The objective of the course is to develop skill among the students to acquire basic knowledge in Computer hardware and peripherals for installation. To assemble the PC and trouble shooting and maintenance. To develop skill set, required in network technology. To gain basic knowledge of TCP/IP networks and to understand the internet architecture. The course content is made available to the students. Hon. Principal Dr. B. S Yadav inaugurated this course.

Outcome of the Course:

- 1) Student acquired basic knowledge of computer hardware.
- 2) Students are able to assemble PC, they learn to solve trouble shooting problems in PC.
- 3) Students get good skill about network technology.

To,
The Chairman,
Board of Curriculum Development,
K. J. Somaiya College, Kopargaon.

Subject: Regarding the permission for the Certificate Course in 'C'-Programming Language.

Respected Sir,

Considering the skilled based requirement of students of Mathematics department. We have designed 36 contact hours Certificate course entitled '**C'-Programming Language**. It is skilled based course to understand the basic concepts in programming.

The certificate course is useful to the UG & PG level students from Physics Department. This is the basic knowledge course about computer programming information. We are quite sure about the success of this certificate course and desirous to start this course at diploma level next year.

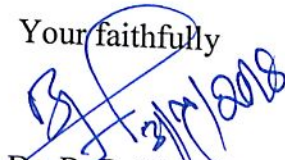

The required infrastructure is available in the department. The present faculty is ready to provide such knowledge and teach to the students about the programs and its uses in the field of Physics.

So, I request you to please give me the permission to conduct the 30 contact hrs certificate course in the subject of Physics.

Thanking you

Department of Physics

Certificate Course: Programming in 'C'

Syllabus: W.e.f.-1st August 2018

'C'-Programming Language:

'C'-Programming Language is one of the top most popular programming languages. 'C'-Programming Language is a general purpose and high level programming language. You can use 'C'-Programming Language for developing desktop GUI applications, websites and web applications. Also, 'C'-Programming Language, as a high level programming language, allows you to focus on core functionality of the application by taking care of common programming tasks. The simple syntax rules of the programming language further makes it easier for you to keep the code base readable and application maintainable. There are also a number of reasons why you should prefer 'C'-Programming Language to other programming languages.

Advantages of 'C'-Programming Language:

- It is easy to understand. One of the main reasons why people choose 'C'-Programming Language over other programming languages is its simplicity. ...
- Presence of many Libraries. ...
- Easy to write. ...
- Low cost. ...
- Fast execution speed. ...
- Portable. ...
- Easy debugging. ...
- Procedure Oriented Language.

Objectives:

- Programming basics and the fundamentals of C
- Data types in C
- Mathematical and logical operations
- Using if statement and loops
- Arranging data in arrays
- Implementing pointers
- File management and dynamic memory allocation

Course outcomes: After completion of this course student will be able

- Develop a C program
- Control the sequence of the program and give logical outputs
- Implement strings in your C program
- Store different data types in the same memory
- Manage I/O operations in your C program
- Repeat the sequence of instructions and points for a memory location
- Apply code reusability with functions and pointers
- Understand the basics of file handling mechanisms
- Explain the uses of pre-processors and various memory models
